OLE VIRGINIA TIMES

AUGUST 2006

Next meeting: August 21, 2006

Need your input for the Newsletter. The deadline for submissions is the 5th of each month.!!!

(Editor)

PRESIDENT'S LETTER

As we endure the heat of August, we notice that Manassas is the hottest spot in Amateur Radio's struggle against BPL. Not only is Manassas BPL the subject of a QST editorial in the August 2006 issue, but also **Manassas BPL** is again on the home page of ARRL as this is written. This time, the subject is the ARRL response to the July 17 ComTek/BPL interference study. The ARRL and Manassas amateurs have caught ComTek in some bald faced lies as well as some truly weird science. ComTek states that **Dwight/KI4II**:

Stated that BPL "Did not cause harmful interference". This is an out and out lie. ComTek also has lowered the power level of its system before testing and did not test at peak data times as specifically requested by the FCC. Thanks again to all who are fighting the good fight.

During July, **Steve/N4OGR**, **Jan/KE4TMW**, and **David/KI4GIY**, put up an OVH booth during the **National Night Out** in Gainesville. It was an impressive booth and we had a good turn out.

During August, we have **two special events** for you. First, we are again doing communications for the **tri-it-now triathlon** on Sunday Morning **August 13**. This has always been a fun event watching the people **swim, bike and run**. It is also a well-run event. Please contact **David Meola/ KI4AZX**, at 703-393-6681 to volunteer.

The second event is our **special event station** at the **Manassas Battlefield** on **August 26**.

This special event station commemorates the **Second Battle of Manassas** in August of 1862. We could use some more operators. Please contact **Al Dugas** at 703-368-4794 or **Bill South** at 703-590-7625. If you can't visit the site, please work it on the air. There will be a special QSL.

Finally, **our program** at the **August meeting** will be **QRP operation** presented by **Wayne/AG4ZZ**. Wayne recently placed third in a QRP contest where one of the multipliers was the weight of your low power rig. The lower the power, the higher the multiplier. Wayne intends to show this rig at the meeting.

The OVH Times is the official publication of the "Ole Virginia Hams" ARC, a non-profit organization dedicated to the promotion and enhancement of Amateur Radio. The OVH ARC meets at 8:00 PM every third Monday of the month at the NOVEC Tech Center in Gainesville. Prospective members are invited.

Local information can always be obtained, at any time, through the usage of the OVH repeaters (146.97- & 224.660- Mhz). All are welcome.

Permission is hereby granted for the reprinting of articles and quotations in this letter, provided full credit is given to the OVH ARC, and the author of the article. Contribution of printed articles by both members and non-members is encouraged. The deadline for submissions is the 5th of each month. Submissions should be forwarded to OVH TIMES EDITOR: Steve Meade KB4OF, PO Box 1418, Manassas, VA 20108-1418, or to kb4of@arri.net

Letters to the Editor and Classified Ads are accepted and welcome. Approx. Circulation – 170

Minutes of the Ole' Virginia Hams Amateur Radio Club Meeting – July 17, 2006

John / KG4NXT called meeting to order at 2000 Eastern Time.

Following the **Pledge of Allegiance**, all present stated their names and call signs. There were **22 OVH members** present.

PROGRAM

Bob Laine with the **National Park Service** – Bob works as a volunteer at the **Manassas National Battlefield Park**. He regularly gives historical overviews of the **1st and 2nd Battles of Manassas / Bull Run** to visitors to the Park. He gave us a general overview of the Park. He also provided some specific information on the “Brownsville” area, the newest area of the park. Bob tried to get us a fee waiver for the OVH Special Event, but was not able to do so. The OVH thanks Bob for his presentation and his efforts, and said that he will try to stop by to visit us during the Special Event. He passed out envelopes for the fees. He also explained the various National Park passes that are available. Thank you Bob for your presentation.

Ron Paine / WA6YOU gave a presentation on connectors. Ron demonstrated the installation of several types of connectors and gave recommendations on products to use. Ron's skills at installing connectors quickly, and also making them look as if they were produced in a high-tech factory, were very impressive to all present at the meeting. Thank you Ron for your very interesting presentation.

BUSINESS MEETING

John / KG4NXT noted that the latest QST has an article regarding the work that the OVH has done regarding BPL.

John / KG4NXT noted that over \$300 was collected from the OVH Hamfest bake Sale. A motion was made for OVH to donate \$400 to **Mend a House** at the request of **John / WA1STU**. The motion passed.

John / KG4NXT moved that we reserve the **Nokesville Park** for the **2007 Field Day**. The motion passed.

MINUTES: The minutes from the **June 2006 OVH meeting** were approved.

TREASURER'S REPORT: The Treasurer's report was presented by **Bill / N3OH**.

MEMBERSHIP: **Joe / KI4OHR** - Four new members of OVH were voted in, all by unanimous votes: **Judith Grass / KE4IUJ**, **Michael O'Dell / N4NLN**, **Gary Gilham / WG4ARC**, and **Patricia Gilham / KI4FQF**. Welcome to the OVH Judith, Michael, Gary and Patricia.

BPL: **George / K4GVT** - George reviewed the survey with Comtec which was ordered by FCC. The BPL system was quiet one day, but the noise was back the next day. George read a draft letter to FCC that he wrote regarding this issue. The bottom line is that the FCC directed Comtec to do the survey with OVH during peak usage time, but they did not. A second survey is coming up.

WEBSITE: **Bill / N3OH** – There are some problems with the website, and Bill is working with the vendor to resolve the issue. Bill is moving so his packet node is down, but other packet nodes are still working.

John / KG4NXT noted that **David / KI4AZX** will chair the **Tri-It-Now Triathlon**.

Bill / N3OH noted that the **OVH Special Event** will take place on August 26 on the **Manassas National Battlefield Park**. It will take place during most of the day, but we need to be finished by dusk.

SUNSHINE: **Steve / N4OGR** – Steve noted that we received a thank you note from Mattie Parrish thanking OVH for our condolences.

Steve / N4OGR noted that **National Night Out** will take place on July 29. It will take place at the **Gateway Shopping Center** in Gainesville.

50/50: **Butch / W4HJL** won the 50/50 raffle. \$37 was collected, and Butch donated his winnings back to the Club.

The meeting adjourned at 2130 Eastern time.

SUNSHINE CORNER

Congratulations to **Elizabeth/KG4NXV**, who received a **FAR scholarship** from the **Nanticoke Amateur Radio Club**! Good job and great success in college!

Happy Birthday to our friends and fellow Hams: **Karl/W4KRL**, **Matthew/KG4UNL**, **Ralph/W4OZO**, **Jim/WD4OJY**, **Steven/KM4US**, and **Dale/N4EDE**. Hope each of you has a great day!

Thanks and 73 de Jan /KE4TMW

"Radiation Belt Remediation" Plan Could Affect HF Propagation, Study Suggests

(Aug 15, 2006) -- A New Zealand university research group believes a US Defense Advanced Research Projects Agency (DARPA) "Radiation Belt Remediation" (RBR) plan could cause major worldwide disruptions to HF radio communication and GPS navigation. DARPA reportedly envisions the (RBR) system as a way to protect low-Earth orbiting (LEO) satellites from damage caused by severe solar storms or even from high-altitude nuclear detonations. The New Zealand-based research group suggests, however, that policymakers need to carefully consider the implications of the project. Headed by Otago Physics Department researcher Craig Rodger, the research group says RBR could significantly affect radio propagation from several days to a week or longer.

Icom to be 2006 ARRL November Sweepstakes Principal Awards Sponsor

(Aug 16, 2006) -- Icom has generously agreed to serve for a second year as principal awards sponsor for the ARRL November Sweepstakes. The Amateur Radio equipment manufacturer first took on that role for the 2005 events. This week, the company announced it would do the same this year. The 2006 CW Sweeps takes place November 4-5, while the phone Sweeps is November 18-19. Under its agreement with ARRL, Icom will be the principal sponsor for nearly 150 unsponsored contest plaques that recognize various levels of operating achievement in the popular annual competition.

ISS Expedition 12 Commander to Keynote AMSAT Space Symposium

(Aug 16, 2006) -- AMSAT has announced that ISS Expedition 12 Commander Bill McArthur, KC5ACR, will be the keynote speaker at the 2006 AMSAT Space Symposium this fall in the San Francisco Bay area. The Space Symposium takes place October 6-8. During his six months aboard the ISS -- from October 2005 until April 2006 -- McArthur became the most active radio amateur ever to serve in space, logging more than 1800 QSOs and picking up several honorary operating awards, including Worked All States and Worked All Continents. He also established an impressive new milestone of 37 Amateur Radio on the International Space Station ([ARISS](#)) school contacts. In addition, he put 130 DXCC entities into the NA1SS log and now is in the process of collecting the cards for DXCC. A veteran of four spaceflights and spacewalks, McArthur will speak during the annual banquet the evening of Saturday, October 7. The 2006 Space Symposium will be held jointly with the ARISS

International and IARU Satellite Advisory Panel annual meetings and an AMSAT International Delegates meeting. [Additional information](#) and Space Symposium [online registration](#) are available on the AMSAT Web site.

ARRL First VP Chairs Global Amateur Radio Emergency Communications Conference

(Aug 15, 2006) -- ARRL First Vice President Kay Craigie, N3KN, represented the League at the Global Amateur Radio Emergency Communications Conference 2006 (GAREC-2006). She also was chosen to chair the event, held June 19-20 in Tampere, Finland, concurrently with the International Conference on Emergency Communications (ICEC 2006) and the International Telecommunication Union's (ITU) Working Group on Emergency Telecommunications (WGET). GAREC-2006 participants primarily followed up on items first raised during GAREC-2005. Representatives of than 20 countries were on hand, and Craigie said it was beneficial to have a chance to get to know amateurs from other countries who are involved in emergency communications.

Japanese Entrepreneur Training to be Next Civilian Space Traveler

(Aug 15, 2006) -- If all goes as planned, Japanese businessman and entrepreneur Daisuke "Dice-K" Enomoto will become the fourth civilian space traveler later this summer. He's scheduled to go into space September 14 with International Space Station Expedition 14's NASA astronaut Michael Lopez-Alegria, KE5GTK, and Russian cosmonaut Mikhail Tyurin, RZ3FT. Space Adventures is coordinating Enomoto's orbital spaceflight for which it's believed he's paid in the vicinity of \$20 million. Now undergoing training in Russia, Enomoto will be the first civilian from Asia to visit the ISS and possibly the first person to go into space dressed as a cartoon character.

Administrative Council Reviews IARU's Role and Structure

(Aug 14, 2006) -- Meeting in Bangalore, India, August 12-14, the International Amateur Radio Union ([IARU](#)) Administrative Council heard a progress report from an *ad hoc* panel that's looking into the IARU's future role and structure. The Council confirmed its desire for the committee to continue its work and provide a recommendation by year's end addressing the feasibility, budget and possible timetable to put a revised organization into place.

DXCC Announces Accreditation Criteria Rule Change

(Aug 14, 2006) -- ARRL's DXCC program has added language to its Accreditation Criteria to minimize difficulties stemming from online DXpedition logs. The change, recently approved by the ARRL Board of Directors Programs and Services Committee, limits the level of QSO detail that DXpeditions may provide on Web-based log sites, search engines or other public forums and still qualify for DXCC accreditation. ARRL Membership Services Manager Wayne Mills, N7NG, notes that it's become accepted practice for DXpeditions to post QSO information on the Web.

IARU Region 3 Elects New Leadership

(Aug 11, 2006) -- The 13th Conference of IARU Region 3 was held in Bangalore, India August 7-11. IARU Region 3 consists of the member-societies of the International Amateur Radio Union (IARU) in the Asia-Pacific area. There were 13 IARU member-societies represented in person with another five represented by proxy. Representing the ARRL, which has Full members in Guam, the Northern Mariana Islands and American

Samoa, were International Affairs Vice President Rod Stafford, W6ROD, Chief Executive Officer and Secretary David Sumner, K1ZZ, and Chief Technology Officer Paul Rinaldo, W4RI. The IARU International Secretariat was represented by Vice President Tim Ellam, VE6SH. All four also will attend a meeting of the IARU Administrative Council in Bangalore on August 12-14.

Downloaded from ARRL Web Site

The K7RA Solar Update

(Aug 11, 2006) -- On four days this week the sun was spotless, so the average daily sunspot number for the week dropped over 11 points to 8.6. Sunspot numbers are now recovering and climbing, from zero on Monday to 12, 25 and 37 on Tuesday through Thursday. Sunspot numbers and solar flux should continue a modest recovery through next week. When the sunspots were zero, the solar flux (a measurement of 10.7 GHz energy from the sun, observed at a station in British Columbia) was below 70. Now solar flux is expected to rise in the short term to 85 or more.
